## **JCCSF Adult Sports League Playoff Eligibility Policy**

*Effective April 1, 2007*

- To be eligible to play in the Playoffs all players must have either played in 3 total games throughout the regular season or have played in one of the first two games and signed a JCCSF waiver.
  - During the regular season teams may bring any players to make a complete team as long as they have signed a JCCSF waiver.
  - Subs may not be taken from other teams in the same league.
  - Make sure to be clear when signing in with the scorekeeper before a game. All names that are recorded before each game are final and will validate a player's eligibility for the playoffs.
  - During the playoffs, any teams that attempts to give the scorekeeper fake names or have players play under false identities will result in a disqualification from the rest of the playoffs at the adult athletic coordinator's discretion.
  - A completed, signed and dated JCCSF waiver must be on file for every player on the team.
